FUNDING

Your financial support would allow aspiring hackers to express their creativity and explore their passions. Funding from your company would be allocated to cover the cost of food, apparel, souvenirs, prizes, and everything else needed to make MateoHacks a successful event. We greatly appreciate [donations](#).

DEMOS AND SPEAKERS

At MateoHacks, we will be having various speakers, workshops, informational booths, and demonstrations throughout the event. This is a very good way to showcase your company to the hackers and offer unique information about recruitment, services, and products that your company has to offer. We will only be offering 1-2 speaker roles, but many informational and demo-stations.

JUDGING AND PRIZES

Our event will host around 100 students and will showcase many excellent projects. We would like industry professionals to judge these projects, so the most deserving ideas and executions win prizes. Also, providing special company-related memberships and products to winning teams would allow you to showcase your products and offer them to aspiring coders and scientists.

**PLEASE CONTACT US ABOUT ANY SPECIFICS REGARDING
THE ABOVE INFORMATION!**

Sponsorship Perks

	Tier 1 \$250+	Tier 2 \$500+	Tier 3 \$1,000+	Partner \$2,000+
